

Quod Erat Faciendum - Méditerranée Rosé 2023

IGP Méditerranée, France

Provence attracts you... its beauty, its landscapes. Here a simple Mediterranean Rosé that will take you in your memories or dreams of vacation.

PRESENTATION

We are mainly a wine producer of AOC, but we have some plots, on each of our domains, in IGP Méditerranée that we share with you with our "Quod Erat Faciendum" available in 3 colors.

"Quod Erat Faciendum" means: "What had to be done"... a little wink to simply share our know-how, in accessible and uninhibited wines.

LOCATION

The plots are located between the Sainte Victoire and the Aurélien mountains, a contrasting setting with a characterful atmosphere. The brightness is breathtaking and has also inspired Cézanne when he came to the domaine.

TERROIR

The vineyards are located at the foot of the Sainte Victoire mountain and are on clay and stony alluvial soils.

IN THE VINEYARD

All of our domains are identically cultivated, AOC or IGP plots, in accordance with the specifications.

WINEMAKING

We realize a pneumatic pressure of the grapes after de-stemming and a slight mechanic crushing. We carry on a fermentation in inox vats over three weeks and the temperature is kept at 18°C in order to develop the fruit aromas. The bottling is done in January, the following the harvest.

AGEING

Bottling takes place in January.
