"A solid, creamy, dense and fruity red with cherries, creamy raspberries, warm spices and a touch of roasted meat. Full-bodied with creamy tannins. A seductive core of crushed red fruit and spices mingles on the palate and in the generous finish. Drink or hold."

"Deep garnet. From diverse terroirs combining river sand and rolled pebbles in lower parcels with clay-limestone on slopes. A Mourvedre dominant blend, supported by Cinsault, Counoise, Grenache Noir, and Syrah. Partial destemming, 3-4 weeks vatting in concrete, followed by 24 months maturation split between vat and barrel. Complex nose of concentrated red fruits, leather, and liquorice with spice notes characteristic of Mourvedre. Impressive depth and structure suggesting significant aging potential. 15%. Drink now-2030. If I were keeping score: 4 , 91/100, B+"

"An intriguing late-release red, offering earthy notes of cigar box, tobacco leaf and salty black licorice that course alongside the core of cherry paste. Shows concentration, and its well-hewn tannins have softened. Alder smoke and a fresh thread of herbs grace the finish. Nice length. Grenache, Mourvedre, Syrah, Counoise, Terret, Picpoul and Picardan. Drink now through 2032."
