

Côtes du Rhône Rouge Famille de Terroirs 2020

AOC Côtes du Rhône, Vallée du Rhône, France

An explosion of fruits !

PRESENTATION

Since the 2017 vintage, Jean-Baptiste (my brother) and myself, 13th generation of a winegrowers family very established in the Rhône Valley and Provence, have chosen to share our traditions and our know-how through this wine, by highlighting our terroirs.

The terroirs are our culture! More than pebbles and earth, they carry within them our nature, our landscapes, our history...

TERROIR

The terroir in our wines is like the accent in our voice... an invisible baggage that we take on a trip... a little earth in our shoes.

Clay-limestone soil drained with good water supply, not very sensitive to drought.

WINEMAKING

The harvest is de-stemmed and macerated for 12 days at 28°C. The grape varieties are fermented separately and blended in February.
